Energy Transfer is committed to actively communicating with its neighbors about the Desert Southwest Pipeline Project. As such, you are invited to attend one of our open houses being held April 21st through 23rd from 5:30pm – 7:30pm to learn more about the project timeline, proposed route, and local benefits.

Desert Southwest Pipeline Project is a 520-mile underground natural gas pipeline to deliver natural gas to Arizona and New Mexico to meet increasing demand for electricity driven by growth throughout the Southwest.

Please email DesertSouthwest@energytransfer.com or call 800-842-0339 with any questions.
